Confirmation

If the information I provide in this form should prove to be inaccurate, I acknowledge that Castle Water Limited reserves the right to issue amended accounts based on the revised information. I certify that the information I provide is, to the best of my knowledge, correct.

I confirm I agree with the above statement

I confirm that I am happy for Castle Water to update my invoice(s) from the account start date based on whether VAT is applicable or not.

I confirm I agree with the above statement

HM Revenue and Customs (HMRC) requires us to ensure that we are correctly charging VAT on water services.

To confirm your position, we would be grateful if you could complete the online SIC form at castlewater.co.uk/englandsicform. Alternatively, you can download and complete the form, and return it to us by post to 1 Boat Brae, Rattray, Blairgowrie, PH10 7BH.

It is possible that we will not have to charge VAT on your water services, but we are unable to make an assessment of your position without your completed form. **If you do not complete and submit a form, we are required by HMRC to charge VAT by default on your water services.**

HMRC has chosen the 1980 Standard Industrial Classification (SIC) activity codes as a method of identifying which groups of customers must be charged VAT on their water services. By completing the attached form, you will help us establish the correct SIC code for your organisation.

If you have several sites, the SIC code for your largest business activity must be applied to all your sites including domestic properties. Please do not change the SIC code for the business activity conducted at each site. If the water bill should be addressed to the occupier of a domestic property, please return the form with a note so that we can correct our records.

Please help us by returning this form **within 14 days**. If you have any questions about using this form please contact us. The fastest way to get in touch is by webchat at castlewater.co.uk. Thank you.

Your SIC code is only used to see if we must charge VAT on the water we supply to you and different rules apply to our other charges.

Our wastewater charges are normally Zero Rated. VAT may apply to our charges for making new water and sewer connections but this depends on the type of building to be connected.
